Neighborhood Planning Workshops

For more information: 207-7873

Neighborhood Planning Workshops

This series of **FREE** workshops will be held the first Wednesday evening of each month, July through December (with the exception of October), at the Business and Development Services Center, 1901 S. Alamo.

The Planning Department and Planning Commission are hosting this series so that commissioners, officials, neighborhood leaders, planners, and any interested person can learn about and discuss issues pertaining to neighborhood and community planning.

Registration and networking will begin at 5 PM and the workshop will be from 5:30 to 7:30 PM. The series will be held on the second floor of the Development and Business Services Center in Training Room A.

Wednesday July 6, 2005

The Zoning and Land Use Relationship and Plan Amendments

Hear about the relationship between land use categories and zoning districts, and review how the newly created GIS Land Use Plan Application will improve communication between the public, City departments and decision makers. Also learn about the San Antonio plan amendment process and how it compares to the process in other cities similar to San Antonio.

Wednesday August 3, 2005

Preparing the Community Plan

Learn the fundamentals of how plans are developed and how they can be implemented. An American Planning Association audio conference will explore best practices and new trends in plan making.

Wednesday September 7, 2005

The Community Building and Neighborhood Planning (CBNP) Program

Learn how the CBNP program implements the City's adopted Master Plan policies. Presentation will include the competitive application process, the community planning process used locally and implementation strategies. An analysis of community plan participation will be provided.

October, 2005 (no meeting)

Attend the Texas American Planning Association Conference in Fort Worth

Wednesday November 2, 2005

Meeting Management and Open Participation

Hear an American Planning Association audio-conference for planning commissioners on methods for conducting an effective public meeting. Neighborhood leaders will also benefit from learning meeting techniques.

Wednesday December 7, 2005

Keeping Your Plan Relevant

Learn how plans can be more relevant when limited revenues focus decision-makers on short-term, essential services. Hear how planners can integrate the plan with annual updates to the budget, work programs and capital improvement programs.

Watch for this in 2006

April 22-26, 2006

The National American Planning Association Conference will be held in San Antonio
